

## Sample About Screen

The sample **About** screen below serves as an inspiration for you to create **About** screens for your solutions which will comply with license agreements of the tools you use for developing your solutions, especially FileMaker Developer and 24U Software FileMaker plug-ins.

Please feel free to design your **About** screens any way you like, and don't limit yourself to the sample design shown above. The only important thing is what information **About** screens are required to contain, but design and layout are completely up to you. If you are not sure if your **About** screen complies with 24U's sublicensing terms, please don't hesitate to send it for review to [registration@24uSoftware.com](mailto:registration@24uSoftware.com).

The Virtuoso Software and Virtuoso Records names are fictitious and not related to any existing organization or product.
